# Civil

Parts Book has taken special care in developing an all-inclusive product range engineered specifically for the rapidly emerging civil industry in Australia. The handpicked range is designed to equip our clients with tried and tested, quality civil products at competitive prices. Spanning from custom fabrication & general hardware through to cable hauling and excavation, Parts Books' Civil supply network offers a vast range of products all backed with comprehensive technical support services.

- ✓ Cable Hauling
- ✓ Fabrication
- ✓ Hose & Fittings
- ✓ Underground Accessories
- ✓ Cable Tools

## Cable Hauling

Parts Book stock a diverse range of cable hauling equipment to complement our ever-growing range of innovative electrical systems. Our cable hauling range includes a large variety of pulling machinery ranging from 8kW-80kW with options such as electric or petrol driven, trailer or self-mounted, varying drum capacities and much more.

### PRODUCTS

- » Blower Kits
- » Cable Drum
- » Cable Pushers
- » Conduit Cleaning
- » Pulling Eyes
- » Pulling Winches
- » Reel Stands
- » Sock Grips
- » Trench Rollers
- + more

## Fabrication

Parts Book offers design and fabrication services for a number of materials and applications. Our engineers' work closely with our clients in examining each element of an application to ensure complete satisfaction is achieved. Parts Books pre-approved fabricators complete works on time with cost efficiency and quality in mind.

### PRODUCTS

- » Bollards/Posts
- » CAD Designed Kits
- » Pipework
- » Platform/ Railing
- » Stainless Steel Works
- +more

## Hose & Fittings

Parts Books range of Hoses and fittings offer a wide spanning selection of products applicable to a multitude of industries and applications. Our products are designed to withstand high pressures, large volume, and corrosive environments. Offering several different materials including nylon, polyvinyl chloride (PVC), polyethylene, polyurethane and synthetic rubber.

### PRODUCTS

- » Adaptors
  - » Brass Fittings
  - » Connectors
  - » Fire Hose
  - » Fuel Hose
  - » Hose Assembly Equipment
  - » Hose Cleaning
  - » Hose Protection
  - » Hose Reels
  - » Hydraulic Hose
  - » Pneumatic Hose Couplings
  - » Quick Couplings
  - » Sealants
  - » Stainless Fittings
- +more

## Underground Accessories

Parts Book supplies a range of warning tapes, markers and signs. Our range integrates traditional tape roll methods with modern electrical location systems. The range caters to a number of industry's including electrical, communications, fibre and gas and is comprised of below and above ground systems.

### PRODUCTS

- » Beacon Pods
  - » Cable Location
  - » Detection Tape
  - » Signs
  - » Tape Rolls
- +more

## Cable Tools

Parts Books' Cable tools range encompasses crimping, cutting & preparation equipment as well as specialized tools for more intricate needs. Our range is high quality, affordable and ready for dispatch when you need it. Call us today to learn more on this range or one of our many other electrical ranges.

### PRODUCTS

- » Cable Bending
  - » Cable Cutting
  - » Cable Preparation
  - » Cable Tool Kits
  - » Cable Trays
  - » Clamps and Joints
  - » Electrical & Manual Crimping
  - » Phase Separators
  - » Test Sets
- +more

# Electrical & Communications

Parts Books Electrical Range continues to develop and expand through the collaboration of our Business Development team and our most trusted national & international manufactures. The range encompasses a vast scope of products applicable to a variety of primary industry fields with a strict focus on quality products at competitive prices. By working closely with our customers to identify their specific requirements Parts Book consistently supply the most cost effective and sustainable solutions each and every time.

- ✓ Cable Pits
- ✓ Distribution Cabinets
- ✓ E-Mobility
- ✓ Electrical Accessories
- ✓ Generators
- ✓ Lighting
- ✓ VSD's

## Cable Pits

Parts Book stocks a large range of cable pits & covers to suit a variety of applications including electrical, communications and earthing. Our pit ranges are available in variety of dimensions and materials including HDPE, Concrete & Composite.

### PRODUCTS

- » HDPE "P Series" Pits
  - » Structural Concrete Pits
  - » NBN Approved pits
  - » Concrete Pit Covers
  - » Galvanized Pit Covers
  - » Cast Iron Covers
  - » Pit Gaskets
- +more

### P-SERIES PIT SIZES

Pit	LENGTH		WIDTH		DEPTH
	External	Internal	External	Internal	Internal
P1	520	475	230	153	408
P2	655	610	287	201	565
P3	780	735	350	234	625
P4	710	650	400	283	830
P5	710	650	455	330	635
P6	1375	1310	615	440	685
P7	1020	960	550	420	1110
P8	1375	1310	631	440	900
P9	2100	1980	610	450	920

## Distribution Cabinets

Our range of General Hardware products gives our clients access to a quality selection of day to day tools and utilities at affordable prices. We understand how valuable your time is, that's why if Parts Book don't have the specific hardware you're looking for, we will utilize our local and global supplier base to source and supply it for you.

### PRODUCTS

- » Rope
- » Tool Boxes
- » Measuring tools
- » Jacks
- » Power Tools
- » Trailers and accessories
- » Masonry
- » Trolleys
- » Fixings **+more**

## E-Mobility

Electromobility is quickly surfacing as the new, eco & cost friendly way of powering the automotive industry. Parts Book has developed a specialized range of E-mobility products to compliment a rapidly maturing market. We develop custom-made concepts suited to the demands of urban infrastructure. Existing infrastructures such as street lamps or power distribution systems are utilized in the design to keep costs down & preserve.

### PRODUCTS

- » Electronic release options
- » Entry Ducts
- » Existing transition devices
- » Personal Charging Stations
- » Protection systems
- » Public Charging Stations
- » Tariff Switching **+more**

## Electrical Accessories

Parts Book offers a broad range of Electrical accessories for a vast number of applications. Our products have stood the test of time and hold relevant certification giving you the confidence that comes with a tried and tested range. Equipment ranges from Underground/ Aboveground cable hauling, Cable kits, Hydraulic Tooling, Testing equipment, pipe benders, hand tools and much more.

### PRODUCTS

- » Electronic release options
- » Entry Ducts
- » Existing transition devices
- » Personal Charging Stations
- » Protection systems
- » Public Charging Stations
- » Tariff Switching **+more**

## Generators

Parts Books range of generators cover many different power and size requirements. Because of the unique specifications of each site, Parts Book offer Generators with a number of variances in areas such as Fixed or Portable, Heavy Duty or Standard, Sound reduction systems and Size selections (power and physical.). Whether your requirements are as simple as a mobile back up or as complex as an industrial emergency system, Parts Book has your Generator requirements covered.

### PRODUCTS

- » Diesel & Petrol Generators
- » Inverter Generators
- » Portable Generators
- » Solar Generator **+more**

## Lighting

Lighting is a basic necessity for many industry sectors ranging from night works, underground works, restricted spaces, security and plenty more. Parts Book supplies lighting solutions that range from powerful light towers for night road works to headlamps for underground mining. We strive to supply our clients with the latest in lighting technology at competitive prices, while also adding value in areas such as improved site efficiency through means of product longevity and overall performance. Contact us today for more information on our lighting range.

### PRODUCTS

- » Flood Lighting
- » LED utilities
- » Lighting towers
- » Personal Lighting
- » Rail lighting
- » Street lighting **+more**

## VSD's

Rising energy costs and an increased demand on businesses to comply with energy saving initiatives presents major challenges to our industry, particularly those utilizing heavy mechanical equipment. Parts Book supply a highly diverse and innovative range of Variable Speed Drives which save on energy costs and emissions, while also increasing the safety and longevity of services vital to a multitude of industries.

### PRODUCTS

- » Custom VSD enclosures
- » Bosch Rexroth VSDs
- » Transtecno VSDs **+more**

# Plumbing & Fluid Services

Parts Book offers a highly comprehensive and innovative selection of products into the Plumbing and Fluid Services industry. Catering to many different applications, Parts Books plumbing division supply's products relevant to mining, industrial, agricultural and domestic services. Call us today to find out more about our diverse range.

- ✓ Pipeline
- ✓ System 2000
- ✓ Couplings
- ✓ Pumps
- ✓ Storm Water

## Pipe Couplings

Parts Books Coupling Ranges are designed for a vast number of pipe sizes, pressures and applications. The system hosts features such as easy dismantling, s/s fittings, lip seals, reversible bolts, minimal pipe insertion force and an independent sealing systems. Call us today to discuss your coupling requirements and let Parts Book offer a dynamic solution for your next project.

### PRODUCTS

- » Various Coupling types
- » Fittings
- » Replacement parts
- » Accessories
- + more

## Pipe Saddles

Parts Books threaded BSP outlet provides a ground breaking innovative solution for PE pipes of all pressure ratings up to PN16 AS/NZS 4793 for cold water. Other applications are also available upon request. The range also hosts a string of features including; Bonded rubber linings to lower part of saddles, Simple assembly & S/S fittings.

### PRODUCTS

- » Flanged Saddles
- » Threaded Saddles
- » Hot Tapping
- » Tapping Bands + more

## Pipeline & Fittings

Parts Books Pipe & Fittings range encompasses a large scope of pipe materials, dimensions, technical specifications & joining methods. Our range is relevant to industries including Power, Water, Communications, Gas and more. Our specially selected range of fittings and accessories ensure no matter what the requirement may be; we have the solution. Contact us today for more information on this range.

### PRODUCTS

- » Butt welding products
- » Compression Fittings
- » Couplings
- » Electro fusion Fittings
- » Fabricated Fittings
- » Flow Meters
- » Gaskets
- » General Accessories
- » Pipe (various materials)
- » Saddles
- » Spigot Fittings
- + more

## Fire Services

Fire safety services are vital in keeping staff, customers and the general public safe. Whether you require base level Fire Service Equipment as per Australian Standard or your requirements are a little more advanced, Parts Books far-reaching range has the solution. Contact us today to find out more about our Fire Services Range.

### PRODUCTS

- » Evacuation Equipment
- » Fire Cabinets
- » Fire Extinguishers
- » Fire Suppression
- » Hose Reels & Hydrants
- » Lay flat Hoses
- » Sprinkler Systems & Fire Pump Sets
- + more

## Pumps

Parts Books Pump range caters to multiple industries and requirements. Our pumps are suitable in applications such as wastewater treatment, sewage removal, dewatering, fuel transfers, laboratories, food processing, hazardous area pumping and oil & gas. Specialized pumps are also supplied for clients with particular specifications. Call Parts Book for assistance on your next pumping requirements.

### PRODUCTS

- » Centrifugal Pumps
- » Clean Water Pumps
- » Double Diaphragm Pumps
- » Filters
- » Gland Packing
- » Peristaltic Pumps
- » Pool Pumps
- » Rotary Vane and Gear Pumps
- » Submersible Pumps
- » Vacuum Pumps
- + more

## Storm Water

Parts Book's Storm Water Ranges consist of various products catering to many applications across the industry. From small domestic spoon drain applications to large industrial soak well requirements, Parts Book caters to all aspects of the Storm Water market big or small. Contact us today for more information on this range.

**PRODUCTS:**

- » Channel and Grate
- » Curb boxes
- » Erosion Protection
- » Pipeline
- » Soakwells
- » Spoon Drain
- » Storm water Grates
- » Sump Boxes
- » Tanks
- + more

## Valves & Fittings

Parts Book supply a wide range of quality valves, fittings and accessories. Servicing numerous industries including engineering, plumbing, irrigation, fire protection and mining markets. Our standard ranges include Ball Valves, Gate Valves, Butterfly Valves, Check Valves & Globe Valves. QA Standards and endorsements such as AT55200, AGA6017 & Watermark exist across many of our fundamental ranges along with full product data and specification information. Local stock ensures efficient lead times and highly competitive pricing across our arsenal of valves and fittings.

**PRODUCTS**

- » Ball Valves
- » Gate Valves
- » Butterfly Valves
- » Check Valves & Strainers
- » Globe Valves
- » Actuators
- » Spring Hydrant Valve
- » Balancing Valves
- » Fittings
- » Buttwelds
- » Flanges
- » Gaskets
- » Camlocks
- + more

## Ball Valves

Parts Books' Ball valve range incorporates a vast selection of materials, flange types & pressure rating for a multitude of industry sectors.

**Applications:** Water, Gas, Oil, Hydrocarbon, Air, Corrosive fluids etc.

**Materials:** Brass, Stainless Steel, Nickel-plated, CF8M, Carbon, PVC

**Body Types:** 1pce (reduced bore, 2pce (full bore), 3pce (full bore)

**Port Types:** 2-way, 3way (L port & T port)

**FEATURES**

- » Wide spanning size variations
- » Relevant industry approvals
- » Options for low – high pressure ratings
- » Interchangeable adaption pieces
- +more

## Butterfly Valves

Parts Books' Butterfly Valves range incorporates a vast selection of materials, flange types & pressure rating for a multitude of industry sectors.

**Applications:** HVAC, Gas, Petrochemical, pulp/paper, Water, wastewater, brewing, food, mining, textile, general industry

**Materials:** Cast Iron, Stainless Steel, Ductile Iron.

**Body Types:** Wafer, Lugged.

**Size Range:** 2' to 24'

**FEATURES**

- » Wafer type ranges adaptable to most international flanges including AS2129, BS10, ANSI, DIN & JIS sizes 50mm to 300m
- » Lugged type ranges mountable to end of pipelines without the need for a flange on the downstream (discharge) side of the valve.
- » Actuator systems available
- » Resilient seat materials
- +more

## Gate Valves

Parts Books' Gate valves incorporates a vast selection of materials, flange types & pressure rating for a multitude of industry sectors.

**Applications:** Water, Heating, Air, Oil, Gas, Sewage, Slurries, Mining, Food, Paper/Pulp, Refinery, Chemical, Power.

**Materials:** Brass, Bronze, Ductile Iron (ERC), 316 S/S, CF8M, Forged Steel, Cast Iron, Cast Steel

**Body Types:** General Purpose, Seat, Knife, Wedge.

**Fittings:** Threaded, Flanged, Socket end, Shouldered

**FEATURES**

- » AS: 2638:2011 Certifications
- » WSAA Appraisal
- » High temperature resilience
- » Seats available in EPDM, PTFE, S/S, Viton, Ceramic & Polyurethane
- +more

## Check Valves/ Strainers

Parts Books' Check valve and strainer range incorporates a vast selection of materials, flange types & pressure rating for a multitude of industry sectors.

**Applications:** Hot/Cold water, Compressed Air, Oils High Pressure Liquids Water Treatment Plants Chemicals, Corrosive Environment and Liquids, Steam Oil and Petro Chemical Filtering Fluid to Protect in-line valving General, Irrigation, Rural services Industry

**Materials:** Brass, Cast Iron EC, Carbon Steel, S/S, Ductile Iron.

**Body Types:** Swing, Ball, Lift, Y Strainer

**Positioning:** horizontal, vertical, oblique.

### FEATURES

- » Hinge swung discs for gravity or pumping applications
- » Protective strainers for control equipment, instruments, pumps and regulators
- » High Pressure retention
- » Diverse component combinations
- + more

## Flanges

Parts Books' flange range incorporates a vast selection of materials, flange types & pressure rating for a multitude of industry sectors.

**Applications:** Water, Oil, Gas, Petrochemical, Irrigation, Fire Services, General Industry, Construction, High temperature, Mining

**Materials:** Mild Carbon Steel, Forged Steel, Galvanized, ASTM A105, ASTM A182 316L

**Types:** Screwed, Blind, Socket Weld, Weld Neck, Slip on, flat faced

**Marking:** All Flanges when possible will display a heat number, size, table, grade and dimensional standard

### FEATURES

- » Comprehensive table styles
- » Various heat, grade and pressure ratings
- » Relevant to supplied valve applications
- » Chemical and mechanical data
- + more

# Materials Handling

Parts Books' Materials Handling division is grounded firmly on years of industry specific knowledge & a dynamic product range. Parts Book offers market-leading materials handling products in addition to full project management services, design, commissioning and maintenance service. With a supply network that caters to requirements as complex as overland conveyor assemblies or as simple as individual maintenance componentry for dust collectors, Parts Book is your all-in-one materials handling supplier.

- ✓ Conveyor Systems
- ✓ Dust Management
- ✓ Metering & Feeding
- ✓ Mixers & Blenders
- ✓ Pneumatic Valves

## Conveyor Systems

Teaming with partnering engineers, Parts Book hold many years of experience in the design and supply of complete conveyor assembly solutions, servicing the requirements of our clients who are based within a multitude of industries including Mining, Industrial, Concrete, Agricultural, Food Processing and Recycling. Parts Book utilize engineering support, a vast product range and a purpose built field service team in order to achieve an all in one service including: complete design, supply, installation, commissioning and maintenance of conveyor assemblies.

### PRODUCTS

- » Full Conveyor Assemblies
- » Conveyor Belts
- » Rollers
- » Impact mats
- » Fasteners & Joiners
- » Cleaning Kits
- » Frame Fabrication
- » Service/ Commissioning
- + more

## Dust Management

Parts Book supplies a range of diverse & advanced dust collector system. Because each individual site has distinct requirements, we provide a tailored economic solution to dust collection services. Coupled to application based shrouding and ducting, Parts Book can prepare a cost effective installation, which will perform with minimum power consumption and running costs for many years to come.

### PRODUCTS

- » Bin activators
- » Dry-Batch Dust filters
- » Dust Collectors
- » Hopper Jets
- » Silo-top Systems
- » VHS
- + more

## Metering & Feeding

Many industrial processes require an accurate, consistent flow of a particular product from a given vessel. As with all materials handling applications, the selection of the most appropriate equipment directly effects: product discharge, degree of accuracy and overall performance\ longevity. At Parts Book there are a number of equipment options that make use of volumetric, weigh scale or loss in weight principles. As with all Parts Book ranges, our aim is to help our clients attain the best products at the best price.

### PRODUCTS

- » Loss in weight feeder
- » Batch feeder w/ Agitator
- » Micro Batch feeder
- » Weigh-Belt Feeder [+ more](#)

## Mixers & Blenders

Parts Book supplies a market leading range of mixing and blending products. Creating a homogenous mix of differing products can be viewed in two distinct areas: 1.) Batch type or 2.) Continuous type. Our supply encompasses: plough share mixers, ribbon blenders, single and twin paddle mixers, cone mixers etc. The introduction of polymers to our equipment, has enabled us to produce cement and mortar mixers which do not clog up, and dust control agglomerates to eliminate dust issues during transfer or to aid in the return of waste product to the main product flow.

### PRODUCTS:

- » Clay Dust Conditioners
- » Plough Share Mixers
- » Cement and Mortar Mixers
- » Twin Shaft Paddle Mixers
- » Ribbon Blenders
- » Design Services [+ more](#)

## Pneumatic Valves

Parts Book's Dust Valve range extends from simple butterfly, diverter and slide gate valves through to specialized blow through pneumatic rotary valves and pneumatic diverter valves. All equipment comes with options for manual, pneumatic, electro pneumatic and electric motor driven actuators, with feedback sensors for process confirmation optional. Parts Book can also tailor make transfer points and transitions to accommodate any existing application and provide plant sites with off the shelf equipment and spares.

### PRODUCTS

- » Butterfly Valves
- » Rotary Valves
- » Slide Valves
- » Blow through valves
- » Shut off Valves
- [+ more](#)

**Call us today! 08 9303 4966**

# Mechanical

Parts Book brings together a diverse range of premium products through our unique Mechanical Range. With the assistance of partnering engineers, Parts Book offers invaluable expertise in supplying mechanical solutions into a multitude of fields within the industry. Our team can facilitate design, commissioning, on site analysis and maintenance works; meaning our customers are able to consolidate the tasks that have traditionally been divided between numerous suppliers and service providers.

- ✓ [AC and DC Electric Motors](#)
- ✓ [Bearings & Seals](#)
- ✓ [Belts](#)
- ✓ [Chain](#)
- ✓ [Gearboxes](#)
- ✓ [Mechanical Couplings](#)

## AC & DC Electric Motors

Parts Books' all-encompassing Electric Motor Range boasts market-leading quality backed up with premium customer service including project design facilities, commissioning and maintenance services. Holding agencies for many of the world's leading motor manufactures, Parts Book is your one stop shop for AC & DC Electric Motor requirements.

### PRODUCTS

- » DC Motors
- » AC Motors
- » Mine Spec Motors
- » S/S Motors
- » Motor/Gear Box combinations [+ more](#)

## Bearings & Seals

Parts Books complete range of Bearings and Seals are suited to a broad range of industries and applications. Local stock means fast and efficient lead times backed with competitive pricing and quality assured products. Contact us today for all your Bearing and Seal requirements.

### PRODUCTS

- » Ball bearings
- » Bearing housings
- » Sealed bearings
- » Seals
- » Spherical bearings
- » Taper Roller bearing [+ more](#)

## Belts

Parts Book supply a wide range of Belts and Belt accessories. Our range covers a comprehensive set of applications including: Lawn Mowers, Automotive, Conveyors, Production machinery, Agriculture, Transportation and more. Contact us today to discover more about Parts Books dynamic Belt Range.

### PRODUCTS:

- » Classic Belts
- » Timing Belts
- » Cogged Belts
- » V-Belts
- » Ribbed Belts
- » Wrapped Belts [+ more](#)

## Chain

Parts Book supplies vast ranges of Chain and associated products suited to wide spanning industrial, mining, agricultural and food applications. Our high quality chain selections are available in premium Hitachi Neo SBR, Sedis, REX and GB brands. Where unique and/or large chain requirements exist, Parts Book offers both local and international sourcing in addition to manufacturing capabilities for unique specifications.

### PRODUCTS

- » Agricultural Chain
- » Chain accessories
- » Conveyor Chain
- » Drive Chain
- » Forklift Chain
- » Leaf Chain
- » Links
- » Roller Chain
- » Standard Chain
- + more

## Gearboxes

Parts Book is your complete supplier of worm gearboxes, bevel gearboxes, helical gearboxes and geared motors; ranging from 7KW to 200KW+. Parts Book source locally and internationally from our first rate manufacturers to create a market leading, yet cost effective range backed with cutting edge performance. By utilizing engineering support, a vast product range and a purpose built field maintenance team, Parts Book have shaped an all in one service that includes: complete design, supply, installation, commissioning and maintenance of gearbox assemblies.

### PRODUCTS

- » Bevel Gearboxes
- » Design Services
- » Geared Motors
- » Helical Gearboxes
- » Maintenance Services
- » Worm Gearboxes
- + more

## Mechanical Couplings

Parts Books Mechanical Coupling Ranges are available in various series, sizes and brands. Many of our couplings are interchangeable with other makes and models making replacements simple and well-priced. Contact Parts Book today for more information on our range.

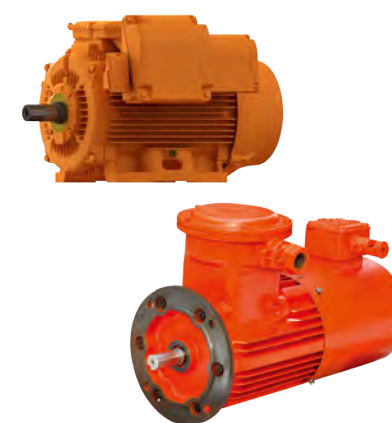

### PRODUCTS

- » Chain Couplings
- » Cone ring Couplings
- » Curved Jaw Couplings
- » Fluid Couplings
- » Grid Couplings
- » HRC Couplings
- » Jaw Couplings
- » Rigid Couplings
- » Seisa Gear Couplings
- » Tyre Couplings + more

# Mining

Parts Book's handcrafted "On-Site" range integrates a diverse selection of "everyday" products and packages relevant to construction sites. Hard wearing and innovative, this range is built to withstand Australia's harshest environments and always perform.

- ✓ Mine Spec Motors
- ✓ Slew Drives
- ✓ Site Containers

## Mine Spec Motors

Parts Books range of AC and DC Mine Spec motors are extremely durable and efficient. These motors are specially designed to withstand the strenuous and constantly demanding conditions mining environments create. Relevant standards relating to power consumption, accessibility and aesthetics are factored into the design of these motors and specific specifications are able to be adjusted to preference.

### PRODUCTS

- » AC/DC Motors
- » Shafts
- » Maintenance parts
- » Accessories + more

## Slew Drives

Parts Books Slew Drive Range is available in 2 series: ST & PT. 9 sizes are available for each series to run trackers from 3msq right up to 165msq. Vertical Slew drives and our new double slew drives are also available in a variety of configurations. Encoders are available from size 9

### PRODUCTS

- » Slew Drives
- + more

## Site Containers

Parts Book offers a specialized site container package that offers fully fitted out site offices, workshops and stores. These are made specifically to our client's specific requirements with respect to purpose, layouts and site specification. We also offer components for pre-established containers.

### PRODUCTS

- » Componentry
- » Fit out
- » Empty Containers
- » Site Offices
- » Site Stores
- » Site Workshops
- + more

## On Site

Parts Book's handcrafted "On-Site" range integrates a diverse selection of "everyday" products and packages relevant to construction sites ranging from small domestic projects through to full-scale mining operations. By identifying the existing need for a supplier with the ability to consolidate the vast scope of On-site requirements all in one place, Parts Book has eliminated the time consuming and tedious undertakings buyers repeatedly endure i.e. sourcing, identifying, ever growing vendor lists etc. For high quality and comprehensive selections, Contact us today and experience how Parts Book's first-rate customer service can dramatically improve your procurement efficiency.

- ✓ General Consumables
- ✓ General Hardware
- ✓ Safety
- ✓ Storage
- ✓ Traffic Management

### General Consumables

Parts Book stocks an extensive range of quality consumables at competitive prices. Because we understand there is no "one size fits all" for the scope of site consumables, Parts Book work closely with our supply network to ensure we have open access to a multitude of leading suppliers and products ensuring we are in a position to supply even the most challenging requirements.

#### PRODUCTS

- » Abrasives
- » Absorbent Products
- » Adhesives & Tapes
- » Aerosols
- » Cleaners
- » Drilling/ Cutting Accessories
- » Fasteners
- » Insecticides
- » Joiners
- » Lubrication
- » Packaging
- » PPE + more

### General Hardware

Our range of General Hardware products gives our clients access to a quality selection of day to day tools and utilities at affordable prices. We understand how valuable your time is, that's why if Parts Book don't have the specific hardware you're looking for, we will utilize our local and global supplier network to source it for you.

#### PRODUCTS

- » Battery & Corded Tools
- » Fittings
- » Jacks
- » Measurement
- » Ramps
- » Ropes
- » Tools & Kits
- » Trailers & Accessories
- » Trolleys
- » Welding
- » + more

## Safety

A safe and secure workplace environment is crucial in safeguarding the wellbeing of both staff and the general public alike. Parts Book supplies various ranges of OHS related products, each relevant to their own respectful trades. In addition to our standard ranges Parts Book also supply more advanced equipment such as body harnesses and respiratory aids. Contact us today for more information.

## Dangerous

Parts Books' Dangerous Goods systems are aimed at 1.) Preventing a spill occurrence & 2.) Controlling the damage in the event of a spill. These systems are flexible and designed to suit specific site requirements for distinct environmental elements and individual chemical factors.

### PRODUCTS

- » Flammable Liquid Cabinets
- » Corrosive Cabinets
- » Spill Containment Systems
- » Spill Decks & Bladder Systems [+ more](#)

## PPE

Parts Books range of PPE products spans throughout disposable safety-wear, masks and gloves right the way through to comprehensive workplace safety packages. Parts Book understands each workplace/worksites is unique, that's why we carry a broad range of products that are designed to suit a host of different environments. Contact us for more information on our PPE range of products.

### PRODUCTS

- » Ear Protection
- » Eye Protection
- » Fire-resistant Clothing
- » First Aid
- » Footwear
- » Hand Protection
- » Harnesses
- » Headwear
- » Hi Visibility Clothing
- » Respiratory
- » Vehicle Safety Kits
- [+ more](#)

## Signs & Tape

Workplace signage & tape is implemented to aid in the reduction of accidents in the work place while promoting OHS principles & general safety instruction. Parts Book supply various sign/tape types, sizes and materials while also offering custom make services for specialty sign and tape requirements.

### PRODUCTS

- » Barrier Tape
- » Custom Signage
- » Mandatory Signs
- » Pipe Markers
- » Safety Posters
- » Traffic Signs
- » Warning/Caution Signage

## Shower & Wash Down Units

Parts Books Range of Wash Down Units offer vital treatment facilities for emergencies where dangerous chemicals have come into contact with a person. The range encompasses several different system types specific to environments, applications and hazards. Contact us to discuss your requirements.

### PRODUCTS

- » Additives
- » Combination Wash Down Units
- » Eyewash Stations
- » Multi-spray Units
- » Portable Wash down bays
- » Safety Showers
- » Self container Showering Units
- » Test Kits
- » Wall Mounted Wash down bays
- [+ more](#)

## Storage

Whether it's racking, benches, dangerous goods cabinets or raised platform areas, Parts Book has your Storage Solutions in one place. Parts Book understands how difficult it can be to predict exactly which system is most suited to your individual needs, that's why we offer design support including site specific 3D design to ensure you're getting the right system for your specific needs. Contact us today for more information.

# INTRODUCTION

**APEX Access Chambers** are a range of modular manhole solutions offering new heights of innovation to underground asset markets. Constructed from a unique compounding method which incorporates granulated polycarbonate and structural foam; our chambers are robust, low in weight and highly resilient.

APEX Access Chambers are subject to stringent load testing surveys in alignment with relevant standards, this enables Parts Book to supply safe and reliable solutions with the confidence that comes from a tried and tested product range.

With a host of features and benefits entirely unique to our system such as modular construction, pre determined breaking points, distribution compartments, integrated covers and much more, APEX Access Chambers are designed to eliminate many shortfalls found in "traditional" manholes and present a much more sustainable alternative for now and into the future.

# FEATURES

## APPLICATION VERSATILITY

## ADVANCED ACCESSOIRES

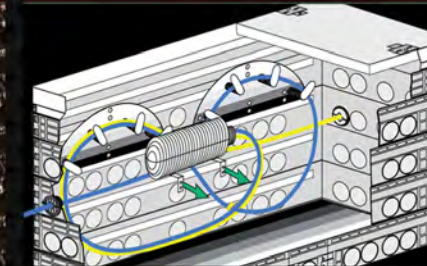

## FIBRE OPTIC UTILITIES

## ACCESS COVER SECURITY

## CABLE MANAGEMENT

## STRUCTURAL STABILITY

# APEX ACCESS CHAMBERS

## WHY APEX ?

### LOW WEIGHT

- ▲ LOGISICAL SAVINGS
- ▲ FAST, SAFE INSTALLATION
- ▲ MANUAL HANDLING
- ▲ SIMPLE MAINTENANCE

### RESILIENCE

- ▲ HEAVY DUTY LOAD TESTED
- ▲ OPTIMUM BEDDING EXTERIOR
- ▲ STRUCTURAL STEEL WALL BEAMS
- ▲ ANTI-FRACTURE AGENTS

### MODULAR

- ▲ REDUCED LEAD-TIMES
- ▲ LAYER BY LAYER CONSTRUCTION
- ▲ HIGH VERSATILITY
- ▲ VARIOUS LAYER OPTIONS

### POLYCARBONATE

- ▲ HIGHLY RESILIENT MATERIAL
- ▲ SELF EXTINGUISHING
- ▲ SEVERAL TIMES RECYCLABLE
- ▲ ENVIROMENTALLY HARM FREE

## ACCESS COVER OPTIONS

APEX Access Covers are specially designed to sit within the rebate (frame) of the APEX Access Chambers system. Our covers do not require concrete surrounds as the chamber frame also acts as a structural "plinth". This range also features a host of functionality such as rising cover frames for finishing level compensation. High levels of professional development and quality assurance have been invested into APEX Covers, creating a safe and reliable investment for our consumers.
